Variety description

VERMIO is a durable variety for recreational and hard-wearing lawns. VERMIO has been tested in France and has earned top marks for its quality characteristics. In particular, it stands out for its quick establishment and outstanding hardiness. At the same time, it also exhibits low disease susceptibility and is ideal as a component in mixtures owing to its medium-green leaf colouration.

Most important characteristics

Can be used in all applications
Excellent test results in France
High durability
Ideally suited for recreational and hard-wearing lawns

Usage
